

Bring a functioning wheel that you are comfortable using and at least three bobbins of different colour singles. No specific length of singles (half bobbin or a less is fine) just a gracious plenty to be able to practise different plies. Bring at least two ounces of two different colours of roving to use when practising some art yarn techniques. Suggested for class: if you have multiple roving colours bring some and you can trade with others to create fun yarns. The instructor will be bringing some for you to use, but more is always better. If you have a lazy kate, bring it, if not bring a shoe box, and if you don't have that, don't worry we will fix you up!
